16TH YEAR. NO. 59.

EAST LIVERPOOL, O., FRIDAY, AUGUST 17, 1900.

TWO CENTS

THE ADDRESS OF GOVERNOR NASH

Fully 3,000 People Heard Him Speak Last Night From Col. Taylor's Porch.

OPENING OF THE CAMPAIGN

He Made a Splendid Republican Speech and Was Frequently Interrupted by Applause.

TOUCHED ON IMPERIALISM

Fully 3,000 people gathered at the residence of Colonel John N. Taylor last evening to pay their respects to Governor George K. Nash, and the affair marked the opening of the presidential campaign in this city.

After a short introductory speech had been made the governor said:

"From the bottom of my heart I thank you for the kind welcome accorded me today.

"My first recollection of the people of East Liverpool dates back to a period 20 years ago. In 1880, when Jas. A. Garfield was selected as the Republican candidate for president of the United States I was chairman of the Republican state committee, and as such wrote the local chairman—and if that man is in my hearing tonight I would take pleasure in shaking him by the hand)—asking him, in view of the fact that they had given Foster, for governor in 1876, 267 of a plurality, if they could not give Garfield 350. I received no answer to this, but on the morning following the election I got this message: We have given Garfield 471. Are you satisfied? (Applause).

"My next recollection of the people of this city was a few days after the last state election when the news was received that the candidate for governor had been given a plurality of 1,260.

I was gratified, I assure you, as I happened to know that candidate pretty well, and I knew he was not half as deserving and not half as good as our own William McKinley, and I feel sure when the votes are counted on election day East Liverpool will have 1,800 for McKinley. We have every reason to believe this will be true. Has he not devoted his life, his energy and his very being to the ideas and principles in which we are most interested here in East Liverpool? Our sense of gratitude should prompt us to give him all we can.

"The party he represents is the best and has done more good in the 50 years of its existence than any other government on the face of the earth.

"In 1892 for some reason the people wanted a change. They voted for a change, and in support of the Democratic party and principles, elected Grover Cleveland to the presidency.

Not many months had passed when they saw a terrible mistake had been made and in 1896 could scarcely wait for the opportunity to make another change. Prior to this the Republican party had promised a safe financial policy and had pledged itself to engrave into its platform the old tariff in order that commercial and business affairs might be so adjusted as to benefit manufacturers and labor alike.

These laws have been made and enforced. Every promise made in 1896

has been kept. Every pledge lived up to.

"The Democracy is now around asking the support of the people for the same platform, the same principles for which they stood four years ago, and which they seek to have.

"A few days ago in the city of Indianapolis it required 8,000 words for Mr. Bryan to accept the nomination for president on the Democratic ticket. He devoted the entire time to a discussion of imperialism. What has become of the 16 to 1 plank of '96? It seems to be dead. Is it any wonder there is discord and discontent in the Democratic party?

"They talk about imperialism. They say it is the paramount issue. These long words sound well, but only express what men don't know. They all cry about the imperialism of Republican rule, that we want to form an empire. What did they say in '65 when the men who had served this country well were about to return? They were alarmed. They feared that an empire would be set up. But how different was the result. They came home and took their places in civil life and were not troubled about empires."

In referring to the Indianapolis speech of Bryan, Governor Nash compared the attitude of the Democratic Sentinel, of that city, with the stand taken by the same paper during the rebellion, showing by extracts taken from that paper that while the party, policy and representative, Abraham Lincoln, were subjected to the severest criticism, referring to Lincoln as a man of no conscience, a man who could spin a yarn or crack a joke while the best blood of the nation was being sacrificed, they now speak of him reverently, as one of the greatest men the nation has ever known.

It has been the same ever since. Democracy has been fearful of imperialism on every occasion when a change in administration was pending. They were afraid of the man on horseback in 1868, and again in 1872. Grant was made president. They could see where an empire was to be planned. They could see him placing the crown on his own head—always on horseback. They tell us now that Grant was a great and good man.

They can see the same trait in McKinley, they thought he was an imperialist when he was governor and now that he is president they fear an empire. The speaker said he knew the president, knew him for years, knew him when he was governor, knew him as president. He had made a good president, but he was disappointed, as he had made about 10 times as good a president as he expected.

The people had nothing to fear from McKinley. They had known him as a boy in our own neighborhood, knew him as a man and a soldier as he stood shoulder to shoulder with other men in defense of his country and distinguished himself. This nation has some very grave questions confronting it at the present time, and we would do well to leave them in the hands of the Republican party to settle, rather than make any experiments with the Democracy.

"The welfare and future of the nation is in your keeping. See that you do your full duty from today till November, and see to it that everything in your power be done for the re-election of the grandest and most magnificent of Ohio's sons, William McKinley."

After the speeches were over many people crowded to the porch and shook hands with the governor.

—Dr. and Mrs. W. R. Clark returned home this morning from Atlantic City.

TOWNSHIP LINE FARMERS' CLUB

Their Annual Picnic Was a Complete and Gratifying Success.

GOVERNOR NASH ON DECK

The Chief Magistrate of Ohio Made Friends by His Pleasing Address.

HON. J. C. WELTY ON HAND

The Township Line Farmers' club does nothing by halves. From the time of their organization they have made their annual gatherings a complete success from every standpoint, and yesterday's gathering was no exception to the rule.

The heavy storm of the night before had made the people cautious, especially as the morning gave appearance of a continuation of the rain, with the result that at 10 o'clock yesterday there were but few people and a few scattered conveyances on the ground. From this hour on, however, conveyances and people came with a rush, and by 2 o'clock p.m. there was a splendid gathering present.

The officers of the present organization are as follows: President, James Crawford; vice president, J. D. Rice; secretary, O. D. Smith; treasurer, James McIntosh.

The vice presidents for yesterday were as follows: W. T. McIntosh, Harry Palmer, Hon. P. M. Smith, Martin Lowden, Noah Gilmore, G. W. Orr, Kersey Raley, J. C. Martin, I. B. Cameron, Mrs. John Cameron, Mrs. Harry Palmer, Mrs. Elizabeth Chandler, Mrs. Job Davis, Mrs. Margery McPherson.

Rev. Snyder, pastor of the Long's Run Presbyterian church, opened the services with an eloquent prayer for God's blessing.

Alex McDonald was master of ceremonies and delivered a very pleasing address of welcome, winning hearty applause. Yrrah Remlap responded to the address of welcome, got mixed in his dates, was stage struck and badly scared, but finally escaped with his life and sought refuge under the grand stand from the wrath of the incensed multitude.

Hon. John C. Welty, the well known attorney of Canton, delivered an address which won the hearty commendation of the fine audience facing him. Welty is a man of fine appearance and strong personal magnetism and makes friends wherever he appears.

The chief magistrate of the state was then introduced and spoke at length, using the conversational tone and finding full favor with his hearers. He made an address full of interest and was given the very closest attention. The address was mainly along the line of the Great Northwest, showing how Ohio and her four sister states have forged to the front since the year 1787, until they now form a magnificent aggregation.

The governor was very heartily applauded at the conclusion of his speech, and the crowd surged in to the grand stand and indulged in a general handshaking of welcome with his excellency.

Mrs. W. S. Smith and her lady friends entertained the Governor, Treasurer Cameron, Colonel John Taylor, Homer Taylor, Esquire Rose, John

McDonald, Mr. and Mrs. Harry Palmer and some young gentlemen whose names we could not secure. The spread was on nature's sward, covered with a huge table cloth, and all the substantials and delicacies of the season were provided. The feast was a rich one and the welcome a very warm and courteous one.

The Clarkson brass band discoursed merriment at appropriate intervals. The entertainment passed off without a hitch. There was not the slightest disturbance. Booze was conspicuous by its absence, and this proves a blessing at any gathering.

W. S. Smith and his family worked indefatigably for the success of the picnic. All the workers deserve great credit.

D. J. Smith, Mount Pisgah's prophet, was conspicuous by his absence. This is such an unusual feature that it attracted universal comment, and the genial prophet was inquired for on all hands.

JIM BROWN

WAS CRAZY DRUNK LAST EVENING NEAR THE FREIGHT DEPOT.

He Attempted Suicide by Jumping From the Bridge And Was Arrested.

John Allison, who was in jail on a charge of intoxication, was yesterday released, a friend paying his fine, \$5.60.

It will be remembered that about 800 pounds of lead was found in Allison's possession when he was arrested. John said he was out about \$1.50 on the deal and the mayor could have the lead if he could make any use of it. With all his ill luck he is about the luckiest man who visits city hall, as the Fort Pitt company have decided not to prosecute him for the theft.

It is thought Allison was not alone in the transaction, and it would hardly justify any one to prosecute the case against Allison with other parties at large who had probably more to do with it than he.

John says he cannot help being a thief, as his intentions were all right, but the first thing he knows he has hold of something that don't belong to him.

Jim Brown was in vicinity of the river last evening and had imbibed so much red eye that he was entirely off his base. He was yelling like a wild Indian and wound up by attempting to end his life by jumping into the river from the bridge.

Officers Dawson and Davidson went after him and after calling the patrol he was landed in the city prison. He will answer to a charge of disorderly conduct.

Chief Thompson this morning secured a complete description of the two horses found in the woods in Gardendale a few days ago, and they will be advertised.

There is some mystery connected with the affair, as it seems exceedingly strange that no inquiries have been made concerning the animals.

ALLIES HAVE ENTERED PEKIN.

Special to News Review.

London, Aug. 17.—The allies entered Peking on the 15th without opposition. Legations were relieved and all foreigners liberated.

Did Not Get Fair Play.

The Hilltops, who played ball at the camp ground last evening, claim they were roasted by the umpire, and that had they been fairly treated by him the score would have resulted differently.

PRES. HUGHES NOT DISGUSTED

Says That Every Local In Trenton Favors the Scale Except Jiggermen.

STORY ABOUT THE KILNMEN

Is Not So and They Are Not Breaking Away From the Brotherhood.

REASONS WHY HE CAME HOME

President Hughes was seen today and states that he returned to the city because he had not the time nor the inclination to stay in Trenton to await the return of Messrs. Willett and Burgess, members of the Pittsburgh conference committee, who, he says, have it in their power to enforce the new scale.

The matter is now up to them, and owing to the fact that they are thoroughly conversant with the provisions of the new regulations which are sought to be enforced, nothing definite can be done until their return.

Mr. Hughes states that the reports sent here to the effect that there had been a stampede in the ranks of the kilnmens were entirely untrue, as he had taken the trouble just previous to his departure for this city to consult several members of the kilnmens' union there in regard to the matter, and had been assured that not a single member had gone over to the jiggermen.

In fact the condition was practically the same as had prevailed there for several weeks. Every trade in the city of Trenton excepting the jiggermen were affiliated with the Brotherhood and were standing for the enforcement of the uniform scale. The only thing that could have possibly given rise to the kilnmens story was the fact that they had asked permission of the manufacturers to work under the new scale pending a settlement.

It is now thought that if the new wage conditions are not enforced in the east it will be the fault of the manufacturers, as their failure to act promptly can only be taken to mean that they are not as well satisfied with the new scale as they would have the public believe, and this is the best evidence that could be produced that the operatives will be benefited to a greater or less degree by the uniform wage scale.

Met With an Accident.

John Drake met with an accident while returning from the Township Line picnic. He was driving down the Calcutta road when the holdingback strap broke, allowing the buggy to run upon the horse, which started to run.

Drake was thrown out upon his head, but beyond several bruises was uninjured. The horse was badly injured.

The Township Line Farmers' club does nothing by halves. From the time of their organization they have made their annual gatherings a complete success from every standpoint, and yesterday's gathering was no exception to the rule.

The heavy storm of the night before had made the people cautious, especially as the morning gave appearance of a continuation of the rain, with the result that at 10 o'clock yesterday there were but few people and a few scattered conveyances on the ground. From this hour on, however, conveyances and people came with a rush, and by 2 o'clock p.m. there was a splendid gathering present.

The officers of the present organization are as follows: President, James Crawford; vice president, J. D. Rice; secretary, O. D. Smith; treasurer, James McIntosh.

The vice presidents for yesterday were as follows: W. T. McIntosh, Harry Palmer, Hon. P. M. Smith, Martin Lowden, Noah Gilmore, G. W. Orr, Kersey Raley, J. C. Martin, I. B. Cameron, Mrs. John Cameron, Mrs. Harry Palmer, Mrs. Elizabeth Chandler, Mrs. Job Davis, Mrs. Margery McPherson.

Rev. Snyder, pastor of the Long's Run Presbyterian church, opened the services with an eloquent prayer for God's blessing.

Alex McDonald was master of ceremonies and delivered a very pleasing address of welcome, winning hearty applause. Yrrah Remlap responded to the address of welcome, got mixed in his dates, was stage struck and badly scared, but finally escaped with his life and sought refuge under the grand stand from the wrath of the incensed multitude.

Hon. John C. Welty, the well known attorney of Canton, delivered an address which won the hearty commendation of the fine audience facing him. Welty is a man of fine appearance and strong personal magnetism and makes friends wherever he appears.

The chief magistrate of the state was then introduced and spoke at length, using the conversational tone and finding full favor with his hearers. He made an address full of interest and was given the very closest attention. The address was mainly along the line of the Great Northwest, showing how Ohio and her four sister states have forged to the front since the year 1787, until they now form a magnificent aggregation.

The governor was very heartily applauded at the conclusion of his speech, and the crowd surged in to the grand stand and indulged in a general handshaking of welcome with his excellency.

Mrs. W. S. Smith and her lady friends entertained the Governor, Treasurer Cameron, Colonel John Taylor, Homer Taylor, Esquire Rose, John

McDonald, Mr. and Mrs. Harry Palmer and some young gentlemen whose names we could not secure. The spread was on nature's sward, covered with a huge table cloth, and all the substantials and delicacies of the season were provided. The feast was a rich one and the welcome a very warm and courteous one.

The Clarkson brass band discoursed merriment music at appropriate intervals.

The entertainment passed off without a hitch. There was not the slightest disturbance. Booze was conspicuous by its absence, and this proves a blessing to all gathering.

W. S. Smith and his family worked indefatigably for the success of the picnic. All the workers deserve great credit.

D. J. Smith, Mount Pisgah's prophet, was conspicuous by his absence. This is such an unusual feature that it attracted universal comment, and the genial prophet was inquired for on all hands.

JIM BROWN

WAS CRAZY DRUNK LAST EVENING NEAR THE FREIGHT DEPOT.

He Attempted Suicide by Jumping From the Bridge And Was Arrested.

John Allison, who was in jail on a charge of intoxication, was yesterday released, a friend paying his fine, \$5.60.

It will be remembered that about 800 pounds of lead was found in Allison's possession when he was arrested. John said he was out about \$1.50 on the deal and the mayor could have the lead if he could make any use of it. With all his ill luck he is about the luckiest man who visits city hall, as the Fort Pitt company have decided not to prosecute him for the theft.

It is thought Allison was not alone in the transaction, and it would hardly justify any one to prosecute the case against Allison with other parties at large who had probably more to do with it than he.

John says he cannot help being a thief, as his intentions were all right, but the first thing he knows he has hold of something that don't belong to him.

Jim Brown was in vicinity of the river last evening and had imbibed so much red eye that he was entirely off his base. He was yelling like a wild Indian and wound up by attempting to end his life by jumping into the river from the bridge.

Officers Dawson and Davidson went after him and after calling the patrol he was landed in the city prison. He will answer to a charge of disorderly conduct.

Chief Thompson this morning secured a complete description of the two horses found in the woods in Gardendale a few days ago, and they will be advertised.

There is some mystery connected with the affair, as it seems exceedingly strange that no inquiries have been made concerning the animals.

ALLIES HAVE ENTERED PEKIN.

Special to News Review.

London, Aug. 17.—The allies entered Peking on the 15th without opposition. Legations were relieved and all foreigners liberated.

The Hilltops, who played ball at the camp ground last evening, claim they were roasted by the umpire, and that had they been fairly treated by him the score would have resulted differently.

PRES. HUGHES NOT DISGUSTED

Says That Every Local In Trenton Favors the Scale Except Jigermen.

STORY ABOUT THE KILNMEN

Is Not So and They Are Not Breaking Away From the Brotherhood.

REASONS WHY HE CAME HOME

President Hughes was seen today and states that he returned to the city because he had not the time nor the inclination to stay in Trenton to await the return of Messrs. Willett and Burgess, members of the Pittsburgh conference committee, who, he says, have it in their power to enforce the new scale.

The matter is now up to them, and owing to the fact that they are thoroughly conversant with the provisions of the new regulations which are sought to be enforced, nothing definite can be done until their return.

Mr. Hughes states that the reports sent here to the effect that there had been a stampede in the ranks of the kilnmens were entirely untrue, as he had taken the trouble just previous to his departure for this city to consult several members of the kilnmens union there in regard to the matter, and had been assured that not a single member had gone over to the jigermen.

In fact the condition was practically the same as had prevailed there for several weeks. Every trade in the city of Trenton excepting the jigermen were affiliated with the Brotherhood and were standing for the enforcement of the uniform scale. The only thing that could have possibly given rise to the kilnmens story was the fact that they had asked permission of the manufacturers to work under the new scale pending a settlement.

It is now thought that if the new wage conditions are not enforced in the east it will be the fault of the manufacturers, as their failure to act promptly can only be taken to mean that they are not as well satisfied with the new scale as they would have the public believe, and this is the best evidence that could be produced that the operatives will be benefited to a greater or less degree by the uniform wage scale.

Met With an Accident.

John Drake met with an accident while returning from the Township Line picnic. He was driving down the Calcutta road when the holdingback strap broke, allowing the buggy to run upon the horse, which started to run.

Drake was thrown out upon his head, but beyond several bruises was uninjured. The horse was badly injured.

PERSONAL MENTION.

—Colin Frost left today for Beaver Falls.

—Charles Pittenger was in Pittsburgh today.

—Dr. W. A. Hobbs returned home today from Alliance.

MRS. BARNES HAS ENTERED SUIT

Claims She Has Been Falsely and Maliciously Libelled and She Wants Redress.

DEFENDANT IN THE CASE

Bears an Excellent Reputation and Has a Large Host of Friends Here.

IN SQUIRE M'CARRON'S COURT

Suit has been entered in the court of Justice H. P. McCarron by Mrs. Jane Barnes against Mrs. Emma Vincent, charging her with false and malicious libel.

The complaint says that on or about July 15 and at divers other times defendant, a resident of Liverpool township, did unlawfully and maliciously publish a false and malicious libel of and concerning one Jane Barnes, as follows:

"Published verbally that said complainant was a drunken woman and unfit to care for a child."

The parties to the suit were in court last evening at 7:30, at which time the case was set for trial Monday next at 7 p. m.

It is possible that a compromise will be effected, and the case settled before it comes to trial. In that case the court here will have final jurisdiction. Otherwise it will go to common pleas court.

The case is the outcome of the now famous Barnes cases, and there is no doubt that Mrs. Vincent will prove herself innocent of the charge.

She bears a most excellent reputation and her action in entering the suit by which the child was taken from Mr. and Mrs. John Barnes was commended by all good citizens.

Mrs. Vincent is naturally much annoyed by the entering of the action.

Ed McKinnon Attached a Trunk That Belongs to Charles Barker.

Ed McKinnon, of East End, has entered proceedings in Justice McCarron's court against Charles Barker, a bricklayer formerly employed in this city, attaching his trunk now in the possession of Mrs. Susan Smith, Barker's landlady.

Plaintiff alleges that Barker is indebted to him in the sum of \$6.84, \$5 of which is borrowed money and the balance, \$1.84, is a restaurant bill.

Barker left for Pittsburg the other day leaving instructions that his trunk should be sent after him, but before this could be done Constable Powell had served the papers.

Word received from Barker yesterday is to the effect that he proposes to settle within a few days.

Why wait until fall for your suit and pay a profit, when you can get it now at reduced prices, at our sale, now going on?

HAVING TROUBLE.

The Work of the Decennial Equalization Board is Not One Round of Pleasure.

In commenting upon the work of the decennial equalization board the Buckeye State says:

The decennial equalization board is having its troubles, and it is no great secret that some of them are of a serious character.

For instance, it appears that there is a vast difference in the rates fixed by appraisers upon property of evidently approximate value. In one case the figures fixed by the appraiser are so ridiculously low as to have necessitated an inquiry of the appraiser, who was threatened with arrest unless he revised his estimates.

In this particular case the appraiser was disposed to be a little saucy and to defy the board. The law simply requires that the appraiser shall "exercise his best judgment," and he having claimed that he had done so, he was in a position to ask the board what they proposed doing about it, and they were not prepared to answer.

There are several cases of this kind in the county, but in most instances the appraisers were reasonable and made the alterations in their reports as suggested by the board.

SOMETHING IN THE AIR.

Steubenville Has Had Four Murders Within the Last Four Months.

Gazette.

Last November the most atrocious murder ever known in eastern Ohio was committed in Smithfield township, of which a young man of previous good reputation was convicted after a hard-fought trial. Somewhat later a Steubenville bagnio keeper shot his wife in cold blood.

Recently it transpired that a Greek was murdered some months ago in Huntington, W. Va., and his body concealed and his business partner, a former resident of Steubenville, has just confessed the crime.

Now it turns out that the Dick Turpin hero of an express murder and robbery that horrified the whole country is a Steubenville boy of good antecedents, and so far as has been known, of correct habits. Is there something in the air—or what?

Must Advertise.

Governor Nash has announced that hereafter he will refuse to consider any application for pardon that has not been advertised, as required by law, and referred to the pardon board.

He calls attention to the fact that the constitution does not give the governor absolute power of pardon, but adds that other governors, as well as himself, have been acting up to this time as though they had.

There is Nothing New in It Except That Hughes Has Returned to This City.

True American.

Owing to important business at head quarters, President A. S. Hughes of the N. B. O. P. left last evening for the west.

Both he and Secretary Duffy have been in this city for some time, waiting for a conference with the committee of the manufacturers in relation to the uniform price list.

But as the members of that committee are out of the city, and are likely to be away for some time yet, Secretary Duffy left last Friday, and he has communicated with President Hughes, who decided that he would also return to the west and attend to matters there.

After the business there is attended to he will again come to Trenton.

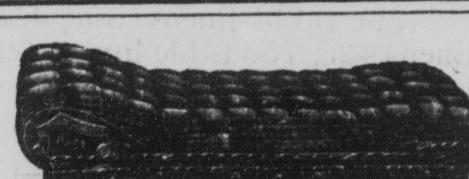

This would seem to indicate that the matter of installing the new list here was not meeting with big success.

The decennial equalization board is having its troubles, and it is no great secret that some of them are of a serious character.

For instance, it appears that there is a vast difference in the rates fixed by appraisers upon property of evidently approximate value. In one case the figures fixed by the appraiser are so ridiculously low as to have necessitated an inquiry of the appraiser, who was threatened with arrest unless he revised his estimates.

In this particular case the appraiser was disposed to be a little saucy and to defy the board. The law simply requires that the appraiser shall "exercise his best judgment," and he having claimed that he had done so, he was in a position to ask the board what they proposed doing about it, and they were not prepared to answer.

There are several cases of this kind in the county, but in most instances the appraisers were reasonable and made the alterations in their reports as suggested by the board.

MRS. BARNES HAS ENTERED SUIT

Claims She Has Been Falsely and Maliciously Libelled and She Wants Redress.

DEFENDANT IN THE CASE

Bears an Excellent Reputation and Has a Large Host of Friends Here.

IN SQUIRE M'CARRON'S COURT

Suit has been entered in the court of Justice H. P. McCarron by Mrs. Jane Barnes against Mrs. Emma Vincent, charging her with false and malicious libel.

The complaint says that on or about July 15 and at divers other times defendant, a resident of Liverpool township, did unlawfully and maliciously publish a false and malicious libel of and concerning one Jane Barnes, as follows:

"Published verbally that said complainant was a drunken woman and unfit to care for a child."

The parties to the suit were in court last evening at 7:30, at which time the case was set for trial Monday next at 7 p. m.

It is possible that a compromise will be effected, and the case settled before it comes to trial. In that case the court here will have final jurisdiction. Otherwise it will go to common pleas court.

The case is the outcome of the now famous Barnes cases, and there is no doubt that Mrs. Vincent will prove herself innocent of the charge.

She bears a most excellent reputation and her action in entering the suit by which the child was taken from Mr. and Mrs. John Barnes was commended by all good citizens.

Mrs. Vincent is naturally much annoyed by the entering of the action.

ENTERED SUIT.

Ed McKinnon Attached a Trunk That Belongs to Charles Barker.

Ed McKinnon, of East End, has entered proceedings in Justice McCarron's court against Charles Barker, a bricklayer formerly employed in this city, attaching his trunk now in the possession of Mrs. Susan Smith, Barker's landlady.

Plaintiff alleges that Barker is indebted to him in the sum of \$6 84, \$5 of which is borrowed money and the balance, \$1 84, is a restaurant bill.

Barker left for Pittsburgh the other day leaving instructions that his trunk should be sent after him, but before this could be done Constable Powell had served the papers.

Word received from Barker yesterday is to the effect that he proposes to settle within a few days.

Why wait until fall for your suit and pay a profit, when you can get it now at reduced prices, at our sale, now going on?

PEKING.

A cable telegram of this afternoon says that Peking has been captured again. We hope that it will stay captured this time.

GOVERNOR NASH.

The chief magistrate of the Buckeye state made many friends in this section on his late trip, both in this city and at the farmer's picnic.

BRYAN.

Billie Bryan has a great following in the Philippines among the men who attempted the wholesale assassination of the officers and soldiers of the United States army.

FARMER'S PICNIC.

As usual the Township Line Farmer's club was a complete and flattering success. The members of the organization deserve credit for the able management of these annual gatherings.

OUR SOLDIERS.

Uncle Sam's soldier boys, under gallant Colonel Chaffee, are doing splendid service in China. They will go where their officers lead; and, when the officers go down, the rank and file will themselves take the lead.

CHANGED HANDS.

The Keswick China Works Has Been Sold to Pittsburgh Parties.

The Keswick china works has been sold and the Beaver Falls Tribune of yesterday says:

A deal was consummated yesterday by which Messrs. Evans and Reese, of Pittsburgh, became exclusive owners of the Keswick china works, located on Brady's Run, back of Fallston.

The gentlemen mentioned are stockholders in the company and have purchased the interests of the other members of the firm with a view of enlarging the works and making it one of the finest factories of the kind in this part of the country.

Something over a year ago the Keswick China company was organized for the manufacture of china ware. The company purchased the plant of the Fallston Pottery company and spent several thousands of dollars in placing the factory in running order.

The factory was placed in operation about a year ago and since that time has been operated steadily, employing about 75 men. The new owners will take charge of the business as soon as the transfer can be made.

The Keswick company has established an enviable reputation as manufacturers of a high grade of china ware, and in course of time it will be one of Beaver county's leading industries.

—Will Cuthbert left today for New Brighton, where he will visit relatives.

CHANGED HANDS.

The Keswick China Works Has Been Sold to Pittsburgh Parties.

The Keswick china works has been sold and the Beaver Falls Tribune of yesterday says:

A deal was consummated yesterday by which Messrs. Evans and Reese, of Pittsburgh, became exclusive owners of the Keswick china works, located on Brady's Run, back of Fallston.

The gentlemen mentioned are stockholders in the company and have purchased the interests of the other members of the firm with a view of enlarging the works and making it one of the finest factories of the kind in this part of the country.

Something over a year ago the Keswick China company was organized for the manufacture of china ware. The company purchased the plant of the Fallston Pottery company and spent several thousands of dollars in placing the factory in running order.

The factory was placed in operation about a year ago and since that time has been operated steadily, employing about 75 men. The new owners will take charge of the business as soon as the transfer can be made.

The Keswick company has established an enviable reputation as manufacturers of a high grade of china ware, and in course of time it will be one of Beaver county's leading industries.

FAIRMOUNT CHILDREN'S HOME

Fairmount Children's Home, Alliance, O., has come to the front with a nice check for the India famine sufferers. The check was received this morning at the News Review office, and will be forwarded at once, with other contributions, to New York city, and from there be wired directly to India.

Three boys of the Home appeared before Superintendent Southworth the other day; three boys who have been working in what is known as "the farm house." The spokesman of the party addressed the superintendent and said:

"Pa Southworth, God has blessed us with a lovely home, and with plenty to eat, drink and wear. He has also given us the opportunity to earn our way, and enabled us each to save \$1 in money, which we gladly entrust to you, in order that you can forward it to the poor sufferers in India. And oh how glad we would be if we were only able to send a greater sum."

The names and addresses of the three boys are as follows: Alfred Laqueer, East Liverpool; Raymond Wonderly, Canton; George Hoelzel, Sharon, Pa.

Other contributions came from the older persons at the Home, from those in charge of various departments; but these noble people refuse to have their names made public; they will have their reward in due time.

We understand that arrangements have been made to take all the inmates of the Home, superintendent, assistants and children, to Myers Lake, a beautiful resort west of Canton, for a general good time and jubilee. We would like very much to be with the party, but have not been honored with an invitation. We have pleasant recollections of the good times we have had with the little ones when, in company with Hon. David Boyce, we have visited the Home.

We understand that a special train will be provided for the visitors, and that they will be tendered a grand reception, given dinner and supper, and then a royal send off as they embark for the return.

Superintendent Southworth informs us that there are now 117 children in the Home, all well and hearty and able to get away with three good meals each day. The superintendent further says:

"Our lawn has never before been so beautiful as it has been this season. The storm of last Sabbath did some mischief. Large limbs were torn from our two beautiful maple trees; one a Norway maple on the south side of the lawn; the other a handsome cut leaf maple on the left driveway. Several of our apple trees were uprooted, while fruit was blown freely from the trees. Our corn was also somewhat damaged by the hail. We are not kickers, however, and are very thankful for the numerous blessings showered upon us.

"Remember us kindly to all the friends in East Liverpool and vicinity."

Our suit sale at \$8 is attracting buyers.

BROKE A WINDOW.

MRS. JAMES WALTERS WAS ON THE WAR PATH.

Demolished a Window in the Saloon of James E. Morrow on Sixth Street.

Mr. and Mrs. James Walters, who reside on Thompson Hill, had some trouble at the home last night about midnight, and shortly afterward Walters left the house and came down town.

He was followed by his wife, who supposed he had gone to the saloon of W. E. Morrow, on Sixth street, where he is employed as a bartender.

Mrs. Walters wore no shoes and was arrayed in a night gown. She wanted some one to ring up the patrol and was much excited, but finally went in the direction of her home. She returned 20 minutes later armed with a long towel in the corner of which was tied a piece of stone. With this she proceeded to demolish the large glass show window in front of the Morrow saloon.

How well she succeeded can readily be seen by an inspection of the place. She struck the pane about three feet from the bottom and a little to the left of the center, splintering it in every direction. She then returned home apparently satisfied with her work.

Walters, who witnessed the occurrence, remained on guard at the saloon the remainder of the night. The affair was interesting to a large number of people, who had collected in the vicinity to witness the fun.

Chief Thompson arrested the woman at noon today and upon being arraigned she gave security for her appearance later.

The window is of French plate glass and very valuable. It will likely take at least \$75 to replace it.

SLIGHT TROUBLE.

National Pottery Company Gave All Their Kilnhands 12 Days' Notice.

There is a slight difference at the National pottery between the kilnhands and proprietors of the plant, and parties who are in a position to know have the following explanation of the trouble:

It seems the firm decided they could work to more advantage by having the biscuit and glost kilnhands work together instead of having separate crews. This was new work for both crews and they made sport of each other, and Foreman Stamm intimated to Bench Boss Morley that he was not a good boss and was not getting the proper amount of work out of the crews. There was trouble all the time between the two gangs and finally the firm gave them all their 12 days' notice. Some of the men will remain at the plant, but Bench Boss Morley has decided to retire.

An effort was made to see President Warner, but he is out of the city.

SLIGHT TROUBLE.

National Pottery Company Gave All
Their Kilnhands 12 Days'
Notice.

There is a slight difference at the National pottery between the kilnhands and proprietors of the plant, and parties who are in a position to know have the following explanation of the trouble:

It seems the firm decided they could work to more advantage by having the biscuit and glaze kilnhands work together instead of having separate crews. This was new work for both crews and they made sport of each other, and Foreman Stamm intimated to Bench Boss Morley that he was not a good boss and was not getting the proper amount of work out of the crews. There was trouble all the time between the two gangs and finally the firm gave them all their 12 days' notice. Some of the men will remain at the plant, but Bench Boss Morley has decided to retire.

An effort was made to see President Warner, but he is out of the city.

FAIRMOUNT CHILDREN'S HOME

Fairmount Children's Home, Alliance, O., has come to the front with a nice check for the India famine sufferers. The check was received this morning at the News Review office, and will be forwarded at once, with other contributions, to New York city, and from there be wired directly to India.

Three boys of the Home appeared before Superintendent Southworth the other day; three boys who have been working in what is known as "the farm house." The spokesman of the party addressed the superintendent and said:

"Pa Southworth, God has blessed us with a lovely home, and with plenty to eat, drink and wear. He has also given us the opportunity to earn our way, and enabled us each to save \$1 in money, which we gladly entrust to you, in order that you can forward it to the poor sufferers in India. And oh how glad we would be if we were only able to send a greater sum."

The names and addresses of the three boys are as follows: Alfred Laqueer, East Liverpool; Raymond Wonderly, Canton; George Hoelzel, Sharon, Pa.

Other contributions came from the older persons at the Home, from those in charge of various departments; but these noble people refuse to have their names made public; they will have their reward in due time.

We understand that arrangements have been made to take all the inmates of the Home, superintendent, assistants and children, to Myers Lake, a beautiful resort west of Canton, for a general good time and jubilee. We would like very much to be with the party, but have not been honored with an invitation. We have pleasant recollections of the good times we have had with the little ones when, in company with Hon. David Boyce, we have visited the Home.

We understand that a special train will be provided for the visitors, and that they will be tendered a grand reception, given dinner and supper, and then a royal send off as they embark for the return.

Superintendent Southworth informs us that there are now 117 children in the Home, all well and hearty and able to get away with three good meals each day. The superintendent further says:

"Our lawn has never before been so beautiful as it has been this season. The storm of last Sabbath did some mischief. Large limbs were torn from our two beautiful maple trees; one a Norway maple on the south side of the lawn; the other a handsome cut leaf maple on the left driveway. Several of our apple trees were uprooted, while fruit was blown freely from the trees. Our corn was also somewhat damaged by the hail. We are not kickers, however, and are very thankful for the numerous blessings showered upon us.

"Remember us kindly to all the friends in East Liverpool and vicinity."

BROKE A WINDOW.

MRS. JAMES WALTERS WAS ON THE WAR PATH.

Demolished a Window in the Saloon of James E. Morrow on Sixth Street.

Mr. and Mrs. James Walters, who reside on Thompson Hill, had some trouble at the home last night about midnight, and shortly afterward Walters left the house and came down town.

He was followed by his wife, who supposed he had gone to the saloon of W. E. Morrow, on Sixth street, where he is employed as a bartender.

Mrs. Walters wore no shoes and was arrayed in a night gown. She wanted some one to ring up the patrol and was much excited, but finally went in the direction of her home. She returned 20 minutes later armed with a long towel in the corner of which was tied a piece of stone. With this she proceeded to demolish the large glass show window in front of the Morrow saloon.

How well she succeeded can readily be seen by an inspection of the place. She struck the pane about three feet from the bottom and a little to the left of the center, splintering it in every direction. She then returned home apparently satisfied with her work.

Walters, who witnessed the occurrence, remained on guard at the saloon the remainder of the night. The affair was interesting to a large number of people, who had collected in the vicinity to witness the fun.

Chief Thompson arrested the woman at noon today and upon being arraigned she gave security for her appearance later.

The window is of French plate glass and very valuable. It will likely take at least \$75 to replace it.

PEKING CAPTURED.

Unconfirmed Report Reached Vienna From Hongkong.

ATTACK COMMENCED ON MONDAY.

Sir Claude MacDonald Reported to Have Opened Communication With the Relieving Force—Chinese Lost Heavily at Tung Chow.

London, Aug. 17.—A cablegram to Vienna from Hongkong announces the capture of Pekin; but the Austrian government, like other European powers, is still without confirmation of this report.

An official telegram, dated Taku, August 14, was received at Rome, which asserts that the attack on Pekin, began Monday, that Sir Claude MacDonald, the British minister, has opened communication with the relieving force, and that the allies have established their headquarters at Tung Chow.

Chinese officials in Shanghai are reported as admitting that the allies inflicted a heavy defeat on the Chinese imperial troops around Tung Chow Sunday and then marched direct to Pekin.

This, if true, carries the Japanese official advices announcing the capture of Tung Chow one step further.

The western powers, according to a dispatch to The Daily Express from Kobe, have accepted the proposals formulated by Japan for arranging an armistice, dependent upon the immediate delivery of the foreign legations to the allies or the granting of permission to the allied forces to enter Pekin and to guard the legations. Upon these bases, the correspondent says, Japan has already begun to negotiate.

Shanghai dispatches declare that the Chinese had intended to make a final attack upon the legations last Sunday, but whether the plan was carried out is not known there.

Washington, Aug. 17.—The Japanese legation has received a message from the foreign office at Tokio stating that Tung Chow was occupied without resistance by the Japanese force at daybreak on the 12th. The Chinese apparently retreated toward Pekin. Large quantities of arms and rice were captured at the same time.

LI'S PATHETIC PLEA.

UNITED STATES LEAVES THE QUESTION TO CHAFFEE'S JUDGMENT.

Ministers Must Be Delivered Either at Legation, Inner or Outer Wall, as He and Other Commanders Decide.

Washington, Aug. 17.—The department of state made public the communications exchanged between the Chinese minister, Mr. Wu Ting Fang, and the acting secretary of state.

The following memorandum was handed to Mr. Adey by Mr. Wu, August 16:

"A cablegram from Earl Li Hung Chang, envoy plenipotentiary of China, dated August 15, and received by Minister Wu at 7 p.m., on the same day.

"The allied forces are approaching Tung Chow. I have memorialized the Imperial government to depute envoy to negotiate an armistice with the several commanders on the spot. I will also shortly proceed to Pekin. The powers being fully aware of the embarrassing position in which their majesties, the empress dowager and the emperor, are placed, are earnestly requested to telegraph instructions to their respective commanders after arriving at Tung Chow with their forces to stop further advance to the capital, so as not to cause alarm and fear to their majesties and calamities to the people. For such an advance would shake the foundations of the Ta Ching empire and wound the feelings of all her people, high and low.

For a compliance with this appeal the millions of people of the empire will be profoundly grateful to the powers. Please communicate this telegram at once to the secretary of state."

The following memorandum was handed to Mr. Wu, August 16:

"Memorandum—Foreseeing that there would be insufficient time after receiving a reply to our memorandum of August 12, to get instructions to the relief column before it had reached Pekin, we sent the same day to the general commanding the American forces in China the following dispatch: 'Adjutant General's Office.'

"Washington, Aug. 12, 1900.

"Fowler, Che Foo. For Chaffee:

"Secretary of war directs me to inform you that Li Hung Chang appointed by Chinese government to negotiate with powers, requests cessation of hostilities. We have replied that we are ready to enter into an agreement between powers and Chinese government for cessation of hostilities on condition that sufficient body of the forces composing the relief expedition shall be permitted to enter Pekin unmolested and to escort foreign ministers and residents back to Tien Tsin, the movement being provided for and secured by such arrangements and dispositions of troops as shall be considered satisfactory by generals commanding the forces composing relief expedition. We have communicated this to all the powers. Japanese government takes same position. We have not heard from others powers.

"Corbin."

"And two days ago, in view of the rapid progress of the relief expedition, we sent the following:

"Adjutant General's Office,

"Washington, Aug. 14, 1900.

"Fowler, Che Foo. For Chaffee:

"In anticipation of acceptance by Chinese government of condition in our reply to them cabled you August 12. If Chinese authorities communicate willingness to deliver ministers and persons under their protection to relief column at Pekin, under arrangements which you consider safe, you are authorized to make and carry out arrangement in concert with other commanders, without referring it here.

From informal communications with representatives of other governments here we believe all to take substantially the same position. Question whether you should insist upon entering Pekin and going to legations or will receive delivery at gate of inner Tartar City, or at outer wall, taking risk of ministers passing through city with only Chinese escort, you and the other generals must determine.

"By order secretary of war.

"Corbin."

"We are advised by Minister Conger that the attacks by imperial troops upon the legations in Pekin have not ceased. While these attacks continued we cannot stop the advance of our forces toward Pekin. If such attacks cease the above quoted inscriptions will be allowed to stand, and they would seem to provide for all the action required under the circumstances stated by Earl Li in his dispatch.

"Avey A. Adey, Acting Secretary. Department of State, Washington, Aug. 16, 1900."

DR. INGLIS' BABY DEAD, SO CONGER REPORTED

Seven United States Marines Killed—All Other Americans Safe—Desperate Night Attacks.

Washington, Aug. 17.—The acting secretary of state made public the following extract from a dispatch received August 16 from Mr. Conger. It was handed to Mr. Adey by Mr. Wu, who explained that he had received it at midnight from the taotai of Shanghai, by whom it had been received by way of Tsi Nan, August 15. It is undated, but would seem to have left Pekin some time between August 5 and 11:

"Secretary of State, Washington:

"Our cipher is safe. May it not be sufficient authenticity? We have been imprisoned and completely besieged since June 23. Continued artillery and rifle firing until July 17; only rifle since, but daily; with frequently desperate attacks, one last night. Have already reported losses. French, Italian, Belgian, Austrian, Dutch legations and all other foreign property in Pekin destroyed. Dr. Inglis child dead. Marines Fanning, Fisher, Turner, King, Tucher, Kenny and Thomas killed. All other Americans alive. Inform Alta and Secretary Ryan. Nearing allied forces give us hope.

"Conger."

CHIEF JUSTICE GREEN DIED OF URAEMIA

III Only About One Day—Expired at Atlantic City—Wife and Others Present.

Atlantic City, N. J., Aug. 17.—Chief Justice Henry Green, of the Supreme Court of Pennsylvania, died at the Hotel Traymore, of uraemic poisoning. His death was unexpected, as he had been ill only about one day. The

chief justice, who had been staying here for several weeks, had apparently been in his usual health until Wednesday morning, when he complained of a severe headache after arising. Later he was taken with a chill and went to bed. Dr. Seibert, of Easton, Pa., his physician, with two local doctors, was summoned. About noon he went into convulsions, and about 4 o'clock in the afternoon the chief justice became unconscious. He died Thursday morning without regaining consciousness.

At his bedside at the time of his death were his wife, his son Frederick, his granddaughter Miss Howland, Associate Justice of the Supreme Court of Pennsylvania John Dean, Judge Michael Arnold, of the common pleas court of Philadelphia, and Judge Charles A. Mayer, of Clinton county.

Henry Green, Chief Justice of the Supreme Court of Pennsylvania, was born in Warren county, N. J., August 29, 1828. His father, however, was a native of Easton, in this state; his grandfather had been one of the original settlers of that place. He was educated at Lafayette college, at Easton, graduating from that institution in 1846. He studied law with Judge Washington McCartney, and in September, 1849, was admitted to the Northampton county bar.

From that time until September, 1879, he continued in the uninterrupted practice of his profession, never holding any office which would interfere with his professional duties. The only public position, in fact, that he held was a seat in the constitutional convention of 1872-73, to which he was appointed on February 21, 1873, as a Republican delegate at large to fill the vacancy caused by the resignation of Hon. Samuel E. Dimmick. He was for several years the law partner of the late Andrew Reed, who became famous as governor of Kansas in the ante-bellum days.

On September 29, 1879, Mr. Green was appointed by Governor Hoyt to fill the vacancy on the supreme bench occasioned by the death of Associate Justice Warren J. Woodward. This appointment held good only until the year 1880, until he was elected in November of that year as the successor to Judge Woodward for a full term of 21 years. He succeeded Chief Justice Sterrett in January of the present year, and his term of 21 years would have expired in 1902. Since his appointment to the supreme bench Lafayette college, Easton, has conferred upon him the honorary degree of doctor of laws.

A Wild Rabbit.

This morning a wild rabbit was chased out of the willows on the river bank to the receiving platform of the freight station, where it was captured.

The rabbit was placed in the elevator which is used to send waybills to office upstairs, and George Buck, one of the clerks, was told it was a waybill.

Buck, it is claimed by the rest of the force, had never saw a rabbit before and when he reached into the elevator and caught it, was badly frightened. The rabbit was taken by one of the expressmen and placed in a box and will be kept for a pet.

Buckeye State.

The presence of that surveying corps in the village of Hanoverton one day last week created more excitement than a dog fight or the advent of a new saloon.

The people dreamed the following night that they heard the whistle of locomotives, but in their waking hours could not get an assurance that the road would be built and opened for traffic for at least a week.

PEKING CAPTURED.

Unconfirmed Report Reached Vienna From Hongkong.

ATTACK COMMENCED ON MONDAY.

Sir Claude MacDonald Reported to Have Opened Communication With the Relieving Force—Chinese Lost Heavily at Tung Chow.

London, Aug. 17.—A cablegram to Vienna from Hongkong announces the capture of Pekin; but the Austrian government, like other European powers, is still without confirmation of this report.

An official telegram, dated Taku, August 14, was received at Rome, which asserts that the attack on Pekin, began Monday, that Sir Claude MacDonald, the British minister, has opened communication with the relieving force, and that the allies have established their headquarters at Tung Chow.

Chinese officials in Shanghai are reported as admitting that the allies inflicted a heavy defeat on the Chinese imperial troops around Tung Chow Sunday and then marched direct to Pekin.

This, if true, carries the Japanese official advices announcing the capture of Tung Chow one step further.

The western powers, according to a dispatch to The Daily Express from Kobe, have accepted the proposals formulated by Japan for arranging an armistice, dependent upon the immediate delivery of the foreign legations to the allies or the granting of permission to the allied forces to enter Pekin and to guard the legations. Upon these bases, the correspondent says, Japan has already begun to negotiate.

Shanghai dispatches declare that the Chinese had intended to make a final attack upon the legations last Sunday, but whether the plan was carried out is not known there.

Washington, Aug. 17.—The Japanese legation has received a message from the foreign office at Tokio stating that Tung Chow was occupied without resistance by the Japanese force at daybreak on the 12th. The Chinese apparently retreated toward Pekin. Large quantities of arms and rice were captured at the same time.

LI'S PATHETIC PLEA.

UNITED STATES LEAVES THE QUESTION TO CHAFFEE'S JUDGMENT.

Ministers Must Be Delivered Either at Legation, Inner or Outer Wall, as He and Other Commanders Decide.

Washington, Aug. 17.—The department of state made public the communications exchanged between the Chinese minister, Mr. Wu Ting Fang, and the acting secretary of state.

The following memorandum was handed to Mr. Adee by Mr. Wu, August 16:

"A cablegram from Earl Li Hung Chang, envoy plenipotentiary of China, dated August 15, and received by Minister Wu at 7 p.m., on the same day.

"The allied forces are approaching Tung Chow. I have memorialized the Imperial government to depute envoy to negotiate an armistice with the several commanders on the spot. I will also shortly proceed to Pekin. The powers being fully aware of the embarrassing position in which their majesties, the empress dowager and the emperor, are placed, are earnestly requested to telegraph instructions to their respective commanders after arriving at Tung Chow with their forces to stop further advance to the capital, so as not to cause alarm and fear to their majesties and calamities to the people. For such an advance would shake the foundations of the Ta Ching empire and wound the feelings of all her people, high and low. For a compliance with this appeal the millions of people of the empire will be profoundly grateful to the powers. Please communicate this telegram at once to the secretary of state."

The following memorandum was handed to Mr. Wu, August 16: "Memorandum—Foreseeing that there would be insufficient time after receiving a reply to our memorandum of August 12, to get instructions to the relief column before it had reached Pekin, we sent the same day to the general commanding the American forces in China the following dispatch: "Adjutant General's Office.

"Washington, Aug. 12, 1900.

"Fowler, Che Foo. For Chaffee:

"Secretary of war directs me to inform you that Li Hung Chang appointed by Chinese government to negotiate with powers, requests cessation of hostilities. We have replied that we are ready to enter into an agreement between powers and Chinese government for cessation of hostilities on condition that sufficient body of the forces composing the relief expedition shall be permitted to enter Pekin unmolested and to escort foreign ministers and residents back to Tien Tsin, the movement being provided for and secured by such arrangements and dispositions of troops as shall be considered satisfactory by generals commanding the forces composing relief expedition. We have communicated this to all the powers. Japanese government takes same position. We have not heard from others powers.

"Corbin."

"And two days ago, in view of the rapid progress of the relief expedition, we sent the following:

"Adjutant General's Office,

"Washington, Aug. 14, 1900.

"Fowler, Che Foo. For Chaffee:

"In anticipation of acceptance by Chinese government of condition in our reply to them cabled you August 12. If Chinese authorities communicate willingness to deliver ministers and persons under their protection to relief column at Pekin, under arrangements which you consider safe, you are authorized to make and carry out arrangement in concert with other commanders, without referring it here. From informal communications with representatives of other governments here we believe all to take substantially the same position. Question whether you should insist upon entering Pekin and going to legations or will receive delivery at gate of inner Tartar City, or at outer wall, taking risk of ministers passing through city with only Chinese escort, you and the other generals must determine.

"By order secretary of war.

"Corbin."

"We are advised by Minister Conger that the attacks by imperial troops upon the legations in Pekin have not ceased. While these attacks continued we cannot stop the advance of our forces toward Pekin. If such attacks cease the above quoted instructions will be allowed to stand, and they would seem to provide for all the action required under the circumstances stated by Earl Li in his dispatch.

Washington, Aug. 17.—The acting secretary of state made public the following extract from a dispatch received August 16 from Mr. Conger. It was handed to Mr. Adee by Mr. Wu, who explained that he had received it at midnight from the taotai of Shanghai, by whom it had been received by way of Tsi Nan, August 15. It is undated, but would seem to have left Pekin some time between August 5 and 11:

CHIEF JUSTICE GREEN DIED OF URAEMIA

Ill Only About One Day—Expired at Atlantic City—Wife and Others Present.

Atlantic City, N. J., Aug. 17.—Chief Justice Henry Green, of the Supreme Court of Pennsylvania, died at the Hotel Traymore, of uraemic poisoning. His death was unexpected, as he had been ill only about one day. The

chief justice, who had been staying here for several weeks, had apparently been in his usual health until Wednesday morning, when he complained of a severe headache after arising. Later he was taken with a chill and went to bed. Dr. Seibert, of Easton, Pa., his physician, with two local doctors, was summoned. About noon he went into convulsions, and about 4 o'clock in the afternoon the chief justice became unconscious. He died Thursday morning without regaining consciousness.

At his bedside at the time of his death were his wife, his son Frederick, his granddaughter Miss Howland, Associate Justice of the Supreme Court of Pennsylvania John Dean, Judge Michael Arnold, of the common pleas court of Philadelphia, and Judge Charles A. Mayer, of Clinton county.

Henry Green, Chief Justice of the Supreme Court of Pennsylvania, was born in Warren county, N. J., August 29, 1828. His father, however, was a native of Easton, in this state; his grandfather had been one of the original settlers of that place. He was educated at Lafayette college, at Easton, graduating from that institution in 1846. He studied law with Judge Washington McCartney, and in September, 1849, was admitted to the Northampton county bar.

From that time until September, 1879, he continued in the uninterrupted practice of his profession, never holding any office which would interfere with his professional duties. The only public position, in fact, that he held was a seat in the constitutional convention of 1872-73, to which he was appointed on February 21, 1873, as a Republican delegate at large to fill the vacancy caused by the resignation of Hon. Samuel E. Dimmick. He was for several years the law partner of the late Andrew Reed, who became famous as governor of Kansas in the anti-slavery days.

On September 29, 1879, Mr. Green was appointed by Governor Hoyt to fill the vacancy on the supreme bench occasioned by the death of Associate Justice Warren J. Woodward. This appointment held good only until the year 1880, until he was elected in November of that year as the successor to Judge Woodward for a full term of 21 years. He succeeded Chief Justice Sterrett in January of the present year, and his term of 21 years would have expired in 1902. Since his appointment to the supreme bench Lafayette college, Easton, has conferred upon him the honorary degree of doctor of laws.

BRYANS WELCOMED.

Handsome Reception by People at Lincoln.

WERE ESCORTED TO THEIR HOME.

Speeches of Welcome to Both Husband and Wife—Bryan Responded—Mrs. Bryan Presented With Roses—Nebraskan's Explanation For Leaving Home.

Lincoln, Neb., Aug. 17.—Lincoln tendered a handsome welcome to Mr. Bryan upon his return to his home here. He was met at the depot by a large concourse of people, who escorted him to his residence and who, after listening to a speech there and shaking hands with both Mr. and Mrs. Bryan, only dispersed to meet in the evening with many others at a reception given in the state capitol grounds, which partook of the nature of an official function.

There were speeches of welcome for both husband and wife and loud cheers not only for "the next president" but also for "the next president's wife" at the house.

Mrs. Bryan was presented with a bouquet of roses. The speech to Mr. Bryan was made by Mr. W. M. Working, a local Silver Republican leader, who congratulated Mr. Bryan especially upon his Indianapolis speech as one which would be used by "future generations as a weapon against tyranny and oppression." Mr. Bryan spoke at some length in his reply, first expressing his and Mrs. Bryan's appreciation of the good will of their townspeople of all parties, and explaining why he went away from home to meet people instead of having them come to Lincoln to see him. On the latter point he said:

"I have sometimes been criticised for going away from home instead of staying here and having people come to see me, but I felt, in the first place, that people could not come here as well as they could go to Canton. Lincoln is not in the center of a thickly populated country as Canton is, and our people have not the means of traveling without cost as they have in some parts of the country under some circumstances, and I have felt that it was a great deal cheaper for me to go and see the people than for me to compel them to come and see me. (Applause.) Even looking at it from a business standpoint, looking at it from the standpoint of those in our city who would find a profit in crowds coming here, I have felt that I could do more good by doing that which would insure election than in any other way which is a great deal better for this city to be the home of a president for four years than to be the home of a presidential candidate for a little while. But in the discussion of public questions in a great fight like this we cannot stop to measure the advantage of any policy to the people in a particular section. I believe that the fight in which we are engaged is on that concerns every citizen in this broad land. More than that, I believe it concerns the people of all the world. I believe that here we are trying an experiment, and that experiment, if successful, will be a blessing to the human race everywhere, and that if the experiment fails here, there is no place where it can be tried with better prospect of success."

Mr. Bryan then discussed national issues at some length.

BRYAN IS INDORSED BY ANTI-IMPERIALISTS

Some Opposed—Will Hold Convention in New York for Purpose of Naming Third Ticket.

Indianapolis, Ind., Aug. 17.—The Liberty Congress of the American League of Anti-Imperialists emphatically endorsed the candidacy of William J. Bryan for president. The resolutions to that effect were read to the convention by Colonel Charles R. Codman, of Massachusetts, who moved their adoption, after stating that the entire committee of 25 had endorsed them.

The convention, however, did not adopt the platform as submitted by the resolutions committee without a prolonged and heated debate. Thomas M. Osborne, of Auburn, N. Y., leader of the "third ticket" movement, offered an amendment to strike out endorsement of Bryan, and when the previous question was ordered less than a score could be marshaled to vote against the Bryan endorsement. The vote was *viva voce*, and its exact result will never be known; but the sentiment of the convention was clearly shown as being in favor of the endorsement of Bryan as the most effective manner of checking the alleged

realistic policy of the administration. At one point in the platform were the following recommendations:

First—That, without regard to their views on minor questions of domestic policy, they withhold their votes from Mr. McKinley, in order to stamp with disapproval what he has done.

Second—That they vote for those candidates for congress in their respective districts who will oppose the policy of imperialism.

Third—That while we welcome any other method of opposing the re-election of Mr. McKinley, we advise direct support of Mr. Bryan as the most effective means of crushing imperialism. We are convinced of Mr. Bryan's sincerity and of his earnest purpose to secure to the Filipinos their independence. His position and the declarations contained in the platform of his party on the vital issue of the campaign meet our unqualified approval.

We recommend that the executive committees of the American Anti-Imperialistic league and its allied leagues continue and extend their organizations, preserving the independence of the movement, and that they take the most active possible part in the pending political campaign.

Until now the policy which has turned the Filipinos from warm friends to bitter enemies, which has slaughtered thousands of them, and laid waste their country, has been the policy of the president. After the next election it becomes the policy of every man who votes to re-elect him and who thus becomes, with him, responsible for every drop of blood thereafter shed.

After the adoption of the resolutions endorsing Bryan the representatives of the third ticket movement met in the assembly room of the Commercial club and selected Thomas M. Osborne, of Auburn, N. Y., for permanent chairman, and Everett Abbott, of New York, for permanent secretary. A motion was made and carried that a convention be held in New York City September 5 for the purpose of nominating a ticket.

It is said that the third party men had offered the presidential nomination to Moorfield Storey, of Massachusetts, but that Mr. Storey declined the honor. William L. Palmer, of Colorado, was reported to be their choice for vice president. The leaders of the third ticket movement said that they expected a large representation at their convention in New York on September 5, and that candidates for president and vice president would then be nominated.

Secretary Mize, of the Liberty Congress, received a letter from William Lloyd Garrison, of Boston, pledging the writer's support to Bryan.

MISS LILLIAN COSTLOW THROUGH WITH FERRELL

So Informed Chief Tyler—Convinced of His Guilt—A Messenger Discharged.

Columbus, O., Aug. 17.—Miss Lillian Mae Costlow, the young lady who was engaged to Express Robber Ferrell, informed Chief Tyler that she was through with Ferrell and had severed all connections with him, she being convinced of his responsibility in the recent cold-blooded murder.

The chief was at the residence of her father, accompanied by G. D. Curtis, at the request of the father of the young lady, who desired to see for themselves what articles the young man had purchased for his daughter.

They found that he had presented her with a wedding ring and a lot of fancy articles for decorating their rooms.

What disposition will be made of these articles will be decided by Mr. Curtis, in whose custody they are to be placed.

Ike Warner, the Adams Express messenger who carried Rosslyn Ferrell to Urbana in his express car just prior to the robbery and murder of Messenger Lane, has been discharged by the company, after a thorough investigation by Superintendent Curtis and Chief Clerk Brosius.

Several other violations of the company's rules have been brought to light through the Ferrell tragedy, and it is possible other discharges or suspensions may follow.

Steubenville, Aug. 17.—Mrs. Tobias Ferrell, mother of Ross Ferrell, is recovering from the prostration the news of her son's crime caused and she will pay him a visit in a week. She received a loving, sympathetic note from Miss Costlow, which she read with much comfort, holding the letter sacred from all other eyes. She said she felt comforted to know that Miss Costlow was brave enough to visit Ross in jail in the hour of his troubles.

BRYANS WELCOMED.

Handsome Reception by People at Lincoln.

WERE ESCORTED TO THEIR HOME.

Speeches of Welcome to Both Husband and Wife—Bryan Responded—Mrs. Bryan Presented With Roses—Nebraskan's Explanation For Leaving Home.

Lincoln, Neb., Aug. 17.—Lincoln tendered a handsome welcome to Mr. Bryan upon his return to his home here. He was met at the depot by a large concourse of people, who escorted him to his residence and who, after listening to a speech there and shaking hands with both Mr. and Mrs. Bryan, only dispersed to meet in the evening with many others at a reception given in the state capitol grounds, which partook of the nature of an official function.

There were speeches of welcome for both husband and wife and loud cheers not only for "the next president" but also for "the next president's wife" at the house.

Mrs. Bryan was presented with a bouquet of roses. The speech to Mr. Bryan was made by Mr. W. M. Working, a local Silver Republican leader, who congratulated Mr. Bryan especially upon his Indianapolis speech as one which would be used by "future generations as a weapon against tyranny and oppression."

Mr. Bryan spoke at some length in his reply, first expressing his and Mrs. Bryan's appreciation of the good will of their townspeople of all parties, and explaining why he went away from home to meet people instead of having them come to Lincoln to see him. On the latter point he said:

"I have sometimes been criticised for going away from home instead of staying here and having people come to see me, but I felt, in the first place, that people could not come here as well as they could go to Canton. Lincoln is not in the center of a thickly populated country as Canton is, and our people have not the means of traveling without cost as they have in some parts of the country under some circumstances, and I have felt that it was a great deal cheaper for me to go and see the people than for me to compel them to come and see me. (Applause.) Even looking at it from a business standpoint, looking at it from the standpoint of those in our party who would find a profit in crowds coming here, I have felt that I could do more good by doing that which would insure election than in any other way which is a great deal better for this city to be the home of a president for four years than to be the home of a presidential candidate for a little while. But in the discussion of public questions in a great fight like this we cannot stop to measure the advantage of any policy to the people in a particular section. I believe that the fight in which we are engaged is on that which concerns every citizen in this broad land. More than that, I believe it concerns the people of all the world. I believe that here we are trying an experiment, and that experiment, if successful, will be a blessing to the human race everywhere, and that if the experiment fails here, there is no place where it can be tried with better prospect of success."

Mr. Bryan then discussed national issues at some length.

RYAN IS INDORSED BY ANTI-IMPERIALISTS

Opposed—Will Hold Convention in New York for Purpose of Naming Third Ticket.

Indianapolis, Ind., Aug. 17.—The Liberty Congress of the American League Anti-Imperialists emphatically endorsed the candidacy of William J. Bryan for president. The resolutions that effect were read to the convention by Colonel Charles R. Codman, Massachusetts, who moved their adoption, after stating that the entire committee of 25 had endorsed them.

Steubenville, Aug. 17.—Mrs. Tobias Ferrell, mother of Ross Ferrell, is recovering from the prostration the news of her son's crime caused and she will pay him a visit in a week. She received a loving, sympathetic note from Miss Costlow, which she read with much comfort, holding the letter sacred from all other eyes. She said she felt comforted to know that Miss Costlow was brave enough to visit Ross in jail in the hour of his troubles.

Funeral of Huntington Today. New York, Aug. 17.—The funeral of C. P. Huntington occurs today. Rev. Dr. Abram W. Halsey, the secretary of the Presbyterian board of foreign missions, was selected to officiate.

realistic policy of the administration. One point in the platform were the following recommendations to the American people:

- That, without regard to their minor questions of domestic policy, they withhold their votes from McKinley, in order to stamp with disapproval what he has done.
- That they vote for those states for congress in their respective districts who will oppose the policy of imperialism.

Third—That while we welcome any other method of opposing the re-election of Mr. McKinley, we advise direct support of Mr. Bryan as the most effective means of crushing imperialism. We are convinced of Mr. Bryan's sincerity and of his earnest purpose to secure to the Filipinos their independence. His position and the declarations contained in the platform of his party on the vital issue of the campaign meet our unqualified approval.

We recommend that the executive committee of the American Anti-Imperialist League and its allied leagues continue and extend their organizations, preserving the independence of the movement, and that they take the most active possible part in the pending political campaign.

Until now the policy which has turned the Filipinos from warm friends to bitter enemies, which has slaughtered thousands of them, and laid waste their country, has been the policy of the president. After the next election it becomes the policy of every man who votes to re-elect him and who thus becomes, with him, responsible for every drop of blood thereafter shed.

After the adoption of the resolutions endorsing Bryan the representatives of the third ticket movement met in the assembly room of the Commercial Club and selected Thomas M. Osborne, of Auburn, N. Y., for permanent chairman, and Everett Abbott, of New York, for permanent secretary. A motion was made and carried that a convention be held in New York City September 5 for the purpose of nominating a ticket.

It is said that the third party men had offered the presidential nomination to Moorfield Storey, of Massachusetts, but that Mr. Storey declined the honor. William L. Palmer, of Colorado, was reported to be their choice for vice president. The leaders of the third ticket movement said that they expected a large representation at their convention in New York on September 5, and that candidates for president and vice president would then be nominated.

Secretary Mize, of the Liberty Congress, received a letter from William Lloyd Garrison, of Boston, pledging the writer's support to Bryan.

MISS LILLIAN COSTLOW THROUGH WITH FERRELL

So Informed Chief Tyler—Convinced of His Guilt—A Messenger Discharged.

Columbus, O., Aug. 17.—Miss Lillian Mae Costlow, the young lady who was engaged to Express Robber Ferrell, informed Chief Tyler that she was through with Ferrell and had severed all connections with him, she being convinced of his responsibility in the recent cold-blooded murder.

The chief was at the residence of her father, accompanied by G. D. Curtis, at the request of the father of the young lady, who desired to see for themselves what articles the young man had purchased for his daughter. They found that he had presented her with a wedding ring and a lot of fancy articles for decorating their rooms. What disposition will be made of these articles will be decided by Mr. Curtis, in whose custody they are to be placed.

Ike Warner, the Adams Express messenger who carried Rosslyn Ferrell to Urbana in his express car just prior to the robbery and murder of Messenger Lane, has been discharged by the company, after a thorough investigation by Superintendent Curtis and Chief Clerk Brosius.

Several other violations of the company's rules have been brought to light through the Ferrell tragedy, and it is possible other discharges or suspensions may follow.

Steubenville, Aug. 17.—Mrs. Tobias Ferrell, mother of Ross Ferrell, is recovering from the prostration the news of her son's crime caused and she will pay him a visit in a week. She received a loving, sympathetic note from Miss Costlow, which she read with much comfort, holding the letter sacred from all other eyes. She said she felt comforted to know that Miss Costlow was brave enough to visit Ross in jail in the hour of his troubles.

THE EVENING NEWS REVIEW.

16TH YEAR. NO. 59.

EAST LIVERPOOL, O., FRIDAY, AUGUST 17, 1900.

TWO CENTS

THE ADDRESS OF GOVERNOR NASH

Fully 3,000 People Heard Him Speak Last Night From Col. Taylor's Porch.

OPENING OF THE CAMPAIGN

He Made a Splendid Republican Speech and Was Frequently Interrupted by Applause.

TOUCHED ON IMPERIALISM

Fully 3,000 people gathered at the residence of Colonel John N. Taylor last evening to pay their respects to Governor George K. Nash, and the affair marked the opening of the presidential campaign in this city.

After a short introductory speech had been made the governor said:

"From the bottom of my heart I thank you for the kind welcome accorded me today.

"My first recollection of the people of East Liverpool dates back to a period 20 years ago. In 1880, when Jas. A. Garfield was selected as the Republican candidate for president of the United States I was chairman of the Republican state committee, and as such wrote the local chairman—and if that man is in my hearing tonight I would take pleasure in shaking him by the hand)—asking him, in view of the fact that they had given Foster, for governor in 1876, 267 of a plurality, if they could not give Garfield 350. I received no answer to this, but on the morning following the election I got this message: We have given Garfield 471. Are you satisfied? (Applause).

"My next recollection of the people of this city was a few days after the last state election when the news was received that the candidate for governor had been given a plurality of 1,260.

I was gratified, I assure you, as I happened to know that candidate pretty well, and I knew he was not half as deserving and not half as good as our own William McKinley, and I feel sure when the votes are counted on election day East Liverpool will have 1,800 for McKinley. We have every reason to believe this will be true. Has he not devoted his life, his energy and his very being to the ideas and principles in which we are most interested here in East Liverpool? Our sense of gratitude should prompt us to give him all we can.

"The party he represents is the best and has done more good in the 50 years of its existence than any other government on the face of the earth.

"In 1892 for some reason the people wanted a change. They voted for a change, and in support of the Democratic party and principles, elected Grover Cleveland to the presidency. Not many months had passed when they saw a terrible mistake had been made and in 1896 could scarcely wait for the opportunity to make another change. Prior to this the Republican party had promised a safe financial policy and had pledged itself to engraft into its platform the old tariff in order that commercial and business affairs might be so adjusted as to benefit manufacturers and labor alike.

These laws have been made and enforced. Every promise made in 1896

has been kept. Every pledge lived up to.

"The Democracy is now around asking the support of the people for the same platform, the same principles for which they stood four years ago, and which they seek to hide.

"A few days ago in the city of Indianapolis it required 8,000 words for Mr. Bryan to accept the nomination for president on the Democratic ticket. He devoted the entire time to a discussion of imperialism. What has become of the 16 to 1 plank of '96? It seems to be dead. Is it any wonder there is discord and discontent in the Democratic party?

"They talk about imperialism. They say it is the paramount issue. These long words sound well, but only express what men don't know. They all cry about the imperialism of republican rule, that we want to form an empire. What did they say in '96 when the men who had served this country well were about to return? They were alarmed. They feared that an empire would be set up. But how different was the result. They came home and took their places in civil life and were not troubled about empires."

In referring to the Indianapolis speech of Bryan, Governor Nash compared the attitude of the Democratic Sentinel, of that city, with the stand taken by the same paper during the rebellion, showing by extracts taken from that paper that while the party, policy and representative, Abraham Lincoln, were subjected to the severest criticism, referring to Lincoln as a man of no conscience, a man who could spin a yarn or crack a joke while the best blood of the nation was being sacrificed, they now speak of him reverently, as one of the greatest men the nation has ever known.

It has been the same ever since. Democracy has been fearful of imperialism on every occasion when a change in administration was pending. They were afraid of the man on horseback in 1868, and again in 1872. Grant was made president. They could see where an empire was to be planned. They could see him placing the crown on his own head—always on horseback. They tell us now that Grant was a great and good man.

They can see the same trait in McKinley, they thought he was an imperialist when he was governor and now that he is president they fear an empire. The speaker said he knew the president, knew him for years, knew him when he was governor, knew him as president. He had made a good president, but he was disappointed, as he had made about 10 times as good a president as he expected.

The people had nothing to fear from McKinley. They had known him as a boy in our own neighborhood, knew him as a man and a soldier as he stood shoulder to shoulder with other men in defense of his country and distinguished himself. This nation has some very grave questions confronting it at the present time, and we would do well to leave them in the hands of the Republican party to settle, rather than make any experiments with the Democracy.

"The welfare and future of the nation is in your keeping. See that you do your full duty from today till November, and see to it that everything in your power be done for the re-election of the grandest and most magnificent of Ohio's sons, William McKinley."

After the speeches were over many people crowded to the porch and shook hands with the governor.

—Dr. and Mrs. W. R. Clark returned home this morning from Atlantic City.

TOWNSHIP LINE FARMERS' CLUB

Their Annual Picnic Was a Complete and Gratifying Success.

GOVERNOR NASH ON DECK

The Chief Magistrate of Ohio Made Friends by His Pleasing Address.

HON. J. C. WELTY ON HAND

The Township Line Farmers' club does nothing by halves. From the time of their organization they have made their annual gatherings a complete success from every standpoint, and yesterday's gathering was no exception to the rule.

The heavy storm of the night before had made the people cautious, especially as the morning gave appearance of a continuation of the rain, with the result that at 10 o'clock yesterday there were but few people and a few scattered conveyances on the ground. From this hour on, however, conveyances and people came with a rush, and by 2 o'clock p.m. there was a splendid gathering present.

The officers of the present organization are as follows: President, James Crawford; vice president, J. D. Rice; secretary, O. D. Smith; treasurer, James McIntosh.

The vice presidents for yesterday were as follows: W. T. McIntosh, Harry Palmer, Hon. P. M. Smith, Martin Lowden, Noah Gilmore, G. W. Orr, Kersey Raley, J. C. Martin, I. B. Cameron, Mrs. John Cameron, Mrs. Harry Palmer, Mrs. Elizabeth Chandler, Mrs. Job Davis, Mrs. Margery McPherson.

Rev. Snyder, pastor of the Long's Run Presbyterian church, opened the services with an eloquent prayer for God's blessing.

Alex McDonald was master of ceremonies and delivered a very pleasing address of welcome, winning hearty applause. Yrrah Remlap responded to the address of welcome, got mixed in his dates, was stage struck and badly scared, but finally escaped with his life and sought refuge under the grand stand from the wrath of the incensed multitude.

Hon. John C. Welty, the well known attorney of Canton, delivered an address which won the hearty commendation of the fine audience facing him. Welty is a man of fine appearance and strong personal magnetism and makes friends wherever he appears.

The chief magistrate of the state was then introduced and spoke at length, using the conversational tone and finding full favor with his hearers. He made an address full of interest and was given the very closest attention. The address was mainly along the line of the Great Northwest, showing how Ohio and her four sister states have forged to the front since the year 1787, until they now form a magnificent aggregation.

The governor was very heartily applauded at the conclusion of his speech, and the crowd surged in to the grand stand and indulged in a general handshaking of welcome with his excellency.

Mrs. W. S. Smith and her lady friends entertained the Governor, Treasurer Cameron, Colonel John Taylor, Homer Taylor, Esquire Rose, John

McDonald, Mr. and Mrs. Harry Palmer and some young gentlemen whose names we could not secure. The spread was on nature's sward, covered with a huge table cloth, and all the substantials and delicacies of the season were provided. The feast was a rich one and the welcome a very warm and courteous one.

The Clarkson brass band discoursed merrily music at appropriate intervals.

The entertainment passed off without a hitch. There was not the slightest disturbance. Booze was conspicuous by its absence, and this proves a blessing at any gathering.

W. S. Smith and his family worked indefatigably for the success of the picnic. All the workers deserve great credit.

D. J. Smith, Mount Pisgah's prophet, was conspicuous by his absence. This is such an unusual feature that it attracted universal comment, and the genial prophet was inquired for on all hands.

JIM BROWN

WAS CRAZY DRUNK LAST EVENING NEAR THE FREIGHT DEPOT.

He Attempted Suicide by Jumping From the Bridge And Was Arrested.

John Allison, who was in jail on a charge of intoxication, was yesterday released, a friend paying his fine, \$5 60.

It will be remembered that about 800 pounds of lead was found in Allison's possession when he was arrested. John said he was out about \$1 50 on the deal and the mayor could have the lead if he could make any use of it. With all his ill luck he is about the luckiest man who visits city hall, as the Fort Pitt company have decided not to prosecute him for the theft.

It is thought Allison was not alone in the transaction, and it would hardly justify any one to prosecute the case against Allison with other parties at large who had probably more to do with it than he.

John says he cannot help being a thief, as his intentions were all right, but the first thing he knows he has hold of something that don't belong to him.

Jim Brown was in vicinity of the river last evening and had imbibed so much red eye that he was entirely off his base. He was yelling like a wild Indian and wound up by attempting to end his life by jumping into the river from the bridge.

Officers Dawson and Davidson went after him and after calling the patrol he was landed in the city prison. He will answer to a charge of disorderly conduct.

Chief Thompson this morning secured a complete description of the two horses found in the woods in Gardendale a few days ago, and they will be advertised.

There is some mystery connected with the affair, as it seems exceedingly strange that no inquiries have been made concerning the animals.

ALLIES HAVE ENTERED PEKIN.

Special to News Review.

London, Aug. 17.—The allies entered Peking on the 15th without opposition. Legations were relieved and all foreigners liberated.

Did Not Get Fair Play.

The Hilltops, who played ball at the camp ground last evening, claim they were roasted by the umpire, and that had they been fairly treated by him the score would have resulted differently.

PRES. HUGHES NOT DISGUSTED

Says That Every Local In Trenton Favors the Scale Except Jigermen.

STORY ABOUT THE KILNMEN

Is Not So and They Are Not Breaking Away From the Brotherhood.

REASONS WHY HE CAME HOME

President Hughes was seen today and states that he returned to the city because he had not the time nor the inclination to stay in Trenton to await the return of Messrs. Willett and Burgess, members of the Pittsburg conference committee, who, he says, have it in their power to enforce the new scale.

The matter is now up to them, and owing to the fact that they are thoroughly conversant with the provisions of the new regulations which are sought to be enforced, nothing definite can be done until their return.

Mr. Hughes states that the reports sent here to the effect that there had been a stampede in the ranks of the kilnmens were entirely untrue, as he had taken the trouble just previous to his departure for this city to consult several members of the kilnmens union there in regard to the matter, and had been assured that not a single member had gone over to the jigermen.

In fact the condition was practically the same as had prevailed there for several weeks. Every trade in the city of Trenton excepting the jigermen were affiliated with the Brotherhood and were standing for the enforcement of the uniform scale. The only thing that could have possibly given rise to the kilnmens story was the fact that they had asked permission of the manufacturers to work under the new scale pending a settlement.

It is now thought that if the new wage conditions are not enforced in the east it will be the fault of the manufacturers, as their failure to act promptly can only be taken to mean that they are not as well satisfied with the new scale as they would have the public believe, and this is the best evidence that could be produced that the operatives will be benefited to a greater or less degree by the uniform wage scale.

Met With an Accident.

John Drake met with an accident while returning from the Township Line picnic. He was driving down the Calcutta road when the holdingback strap broke, allowing the buggy to run upon the horse, which started to run.

Drake was thrown out upon his head, but beyond several bruises was uninjured. The horse was badly injured.

MRS. BARNES HAS ENTERED SUIT

Claims She Has Been Falsely and Maliciously Libelled and She Wants Redress.

DEFENDANT IN THE CASE

Bears an Excellent Reputation and Has a Large Host of Friends Here.

IN SQUIRE M'CARRON'S COURT

Suit has been entered in the court of Justice H. P. McCarron by Mrs. Jane Barnes against Mrs. Emma Vincent, charging her with false and malicious libel.

The complaint says that on or about July 15 and at divers other times defendant, a resident of Liverpool township, did unlawfully and maliciously publish a false and malicious libel of and concerning one Jane Barnes, as follows:

"Published verbally that said complainant was a drunken woman and unfit to care for a child."

The parties to the suit were in court last evening at 7:30, at which time the case was set for trial Monday next at 7 p. m.

It is possible that a compromise will be effected, and the case settled before it comes to trial. In that case the court here will have final jurisdiction. Otherwise it will go to common pleas court.

The case is the outcome of the now famous Barnes cases, and there is no doubt that Mrs. Vincent will prove herself innocent of the charge.

She bears a most excellent reputation and her action in entering the suit by which the child was taken from Mr. and Mrs. John Barnes was commended by all good citizens.

Mrs. Vincent is naturally much annoyed by the entering of the action.

ENTERED SUIT.

Ed McKinnon Attached a Trunk That Belongs to Charles Barker.

Ed McKinnon, of East End, has entered proceedings in Justice McCarron's court against Charles Barker, a bricklayer formerly employed in this city, attaching his trunk now in the possession of Mrs. Susan Smith, Barker's landlady.

Plaintiff alleges that Barker is indebted to him in the sum of \$6.84, \$5 of which is borrowed money and the balance, \$1.84, is a restaurant bill.

Barker left for Pittsburg the other day leaving instructions that his trunk should be sent after him, but before this could be done Constable Powell had served the papers.

Word received from Barker yesterday is to the effect that he proposes to settle within a few days.

Why wait until fall for your suit and pay a profit, when you can get it now at reduced prices, at our sale, now going on?

HAVING TROUBLE.

The Work of the Decennial Equalization Board is Not One Round of Pleasure.

In commenting upon the work of the decennial equalization board the Buckeye State says:

The decennial equalization board is having its troubles, and it is no great secret that some of them are of a serious character.

For instance, it appears that there is a vast difference in the rates fixed by appraisers upon property of evidently approximate value. In one case the figures fixed by the appraiser are so ridiculously low as to have necessitated an inquiry of the appraiser, who was threatened with arrest unless he revised his estimates.

In this particular case the appraiser was disposed to be a little saucy and to defy the board. The law simply requires that the appraiser shall "exercise his best judgment," and he having claimed that he had done so, he was in a position to ask the board what they proposed doing about it, and they were not prepared to answer.

There are several cases of this kind in the county, but in most instances the appraisers were reasonable and made the alterations in their reports as suggested by the board.

SOMETHING IN THE AIR.

Steubenville Has Had Four Murders Within the Last Four Months.

Gazette.

Last November the most atrocious murder ever known in eastern Ohio was committed in Smithfield township, of which a young man of previous good reputation was convicted after a hard-fought trial. Somewhat later a Steubenville bagnio keeper shot his wife in cold blood.

Recently it transpired that a Greek was murdered some months ago in Huntington, W. Va., and his body concealed and his business partner, a former resident of Steubenville, has just confessed the crime.

Now it turns out that the Dick Turpin hero of an express murder and robbery that horrified the whole country is a Steubenville boy of good antecedents, and so far as has been known, of correct habits. Is there something in the air—or what?

Must Advertise.

Governor Nash has announced that hereafter he will refuse to consider any application for pardon that has not been advertised, as required by law, and referred to the pardon board.

He calls attention to the fact that the constitution does not give the governor absolute power of pardon, but adds that other governors, as well as himself, have been acting up to this time as though they had.

CHANGED HANDS.

The Keswick China Works Has Been Sold to Pittsburg Parties.

The Keswick china works has been sold and the Beaver Falls Tribune of yesterday says:

A deal was consummated yesterday by which Messrs. Evans and Reese, of Pittsburg, became exclusive owners of the Keswick china works, located on Brady's Run, back of Fallston.

The gentlemen mentioned are stockholders in the company and have purchased the interests of the other members of the firm with a view of enlarging the works and making it one of the finest factories of the kind in this part of the country.

Something over a year ago the Keswick China company was organized for the manufacture of china ware. The company purchased the plant of the Fallston Pottery company and spent several thousands of dollars in placing the factory in running order.

The factory was placed in operation about a year ago and since that time has been operated steadily, employing about 75 men. The new owners will take charge of the business as soon as the transfer can be made.

The Keswick company has established an enviable reputation as manufacturers of a high grade of china ware, and in course of time it will be one of Beaver county's leading industries.

FAIRMOUNT CHILDREN'S HOME

Fairmount Children's Home, Alliance, O., has come to the front with a nice check for the India famine sufferers. The check was received this morning at the News Review office, and will be forwarded at once, with other contributions, to New York city, and from there be wired directly to India.

Three boys of the Home appeared before Superintendent Southworth the other day; three boys who have been working in what is known as "the farm house." The spokesman of the party addressed the superintendent and said:

"Pa Southworth, God has blessed us with a lovely home, and with plenty to eat, drink and wear. He has also given us the opportunity to earn our way, and enabled us each to save \$1 in money, which we gladly entrust to you, in order that you can forward it to the poor sufferers in India. And oh how glad we would be if we were only able to send a greater sum."

The names and addresses of the three boys are as follows: Alfred Laqueer, East Liverpool; Raymond Wonderly, Canton; George Hoelzel, Sharon, Pa.

Other contributions came from the older persons at the Home, from those in charge of various departments; but these noble people refuse to have their names made public; they will have their reward in due time.

We understand that arrangements have been made to take all the inmates of the Home, superintendent, assistants and children, to Myers Lake, a beautiful resort west of Canton, for a general good time and jubilee. We would like very much to be with the party, but have not been honored with an invitation. We have pleasant recollections of the good times we have had with the little ones when, in company with Hon. David Boyce, we have visited the Home.

We understand that a special train will be provided for the visitors, and that they will be tendered a grand reception, given dinner and supper, and then a royal send off as they embark for the return.

Superintendent Southworth informs us that there are now 117 children in the Home, all well and hearty and able to get away with three good meals each day. The superintendent further says:

"Our lawn has never before been so beautiful as it has been this season. The storm of last Sabbath did some mischief. Large limbs were torn from our two beautiful maple trees; one a Norway maple on the south side of the lawn; the other a handsome cut leaf maple on the left driveway. Several of our apple trees were uprooted, while fruit was blown freely from the trees. Our corn was also somewhat damaged by the hail. We are not kickers, however, and are very thankful for the numerous blessings showered upon us."

"Remember us kindly to all the friends in East Liverpool and vicinity."

Our suit sale at \$8 is attracting buyers.

BROKE A WINDOW.

MRS. JAMES WALTERS WAS ON THE WAR PATH.

Demolished a Window in the Saloon of James E. Morrow on Sixth Street.

Mr. and Mrs. James Walters, who reside on Thompson Hill, had some trouble at the home last night about midnight, and shortly afterward Walters left the house and came down town.

He was followed by his wife, who supposed he had gone to the saloon of W. E. Morrow, on Sixth street, where he is employed as a bartender.

Mrs. Walters wore no shoes and was arrayed in a night gown. She wanted some one to ring up the patrol and was much excited, but finally went in the direction of her home. She returned 20 minutes later armed with a long towel in the corner of which was tied a piece of stone. With this she proceeded to demolish the large glass show window in front of the Morrow saloon.

How well she succeeded can readily be seen by an inspection of the place. She struck the pane about three feet from the bottom and a little to the left of the center, splintering it in every direction. She then returned home apparently satisfied with her work.

Walters, who witnessed the occurrence, remained on guard at the saloon the remainder of the night. The affair was interesting to a large number of people, who had collected in the vicinity to witness the fun.

Chief Thompson arrested the woman at noon today and upon being arraigned she gave security for her appearance later.

The window is of French plate glass and very valuable. It will likely take at least \$75 to replace it.

SLIGHT TROUBLE.

National Pottery Company Gave All Their Kilnhands 12 Days' Notice.

There is a slight difference at the National pottery between the kilnhands and proprietors of the plant, and parties who are in a position to know have the following explanation of the trouble:

It seems the firm decided they could work to more advantage by having the biscuit and glaze kilnhands work together instead of having separate crews. This was new work for both crews and they made sport of each other, and Foreman Stamm intimated to Bench Boss Morley that he was not a good boss and was not getting the proper amount of work out of the crews. There was trouble all the time between the two gangs and finally the firm gave them all their 12 days' notice. Some of the men will remain at the plant, but Bench Boss Morley has decided to retire.

PEKING CAPTURED.

Unconfirmed Report Reached Vienna From Hongkong.

ATTACK COMMENCED ON MONDAY.

Sir Claude MacDonald Reported to Have Opened Communication With the Relieving Force—Chinese Lost Heavily at Tung Chow.

London, Aug. 17.—A cablegram to Vienna from Hongkong announces the capture of Pekin; but the Austrian government, like other European powers, is still without confirmation of this report.

An official telegram, dated Taku, August 14, was received at Rome, which asserts that the attack on Pekin, began Monday, that Sir Claude MacDonald, the British minister, has opened communication with the relieving force, and that the allies have established their headquarters at Tung Chow.

Chinese officials in Shanghai are reported as admitting that the allies inflicted a heavy defeat on the Chinese imperial troops around Tung Chow Sunday and then marched direct to Pekin.

This, if true, carries the Japanese official advices announcing the capture of Tung Chow one step further.

The western powers, according to a dispatch to The Daily Express from Kobe, have accepted the proposals formulated by Japan for arranging an armistice, dependent upon the immediate delivery of the foreign legations to the allies or the granting of permission to the allied forces to enter Pekin and to guard the legations. Upon these bases, the correspondent says, Japan has already begun to negotiate.

Shanghai dispatches declare that the Chinese had intended to make a final attack upon the legations last Sunday, but whether the plan was carried out is not known there.

Washington, Aug. 17.—The Japanese legation has received a message from the foreign office at Tokio stating that Tung Chow was occupied without resistance by the Japanese force at daybreak on the 12th. The Chinese apparently retreated toward Pekin. Large quantities of arms and rice were captured at the same time.

LI'S PATHETIC PLEA.

UNITED STATES LEAVES THE QUESTION TO CHAFFEE'S JUDGMENT.

Ministers Must Be Delivered Either at Legation, Inner or Outer Wall, as He and Other Commanders Decide.

Washington, Aug. 17.—The department of state made public the communications exchanged between the Chinese minister, Mr. Wu Ting Fang, and the acting secretary of state.

The following memorandum was handed to Mr. Adey by Mr. Wu, August 16:

"A cablegram from Earl Li Hung Chang, envoy plenipotentiary of China, dated August 15, and received by Minister Wu at 7 p.m., on the same day.

"The allied forces are approaching Tung Chow. I have memorialized the imperial government to depute envoy to negotiate an armistice with the several commanders on the spot. I will also shortly proceed to Pekin. The powers being fully aware of the embarrassing position in which their majesties, the empress dowager and the emperor, are placed, are earnestly requested to telegraph instructions to their respective commanders after arriving at Tung Chow with their forces to stop further advance to the capital, so as not to cause alarm and fear to their majesties and calamities to the people. For such an advance would shake the foundations of the Ta Ching empire and wound the feelings of all her people, high and low.

For a compliance with this appeal the millions of people of the empire will be profoundly grateful to the powers. Please communicate this telegram at once to the secretary of state."

The following memorandum was handed to Mr. Wu, August 16:

"Memorandum—Foreseeing that there would be insufficient time after receiving a reply to our memorandum of August 12, to get instructions to the relief column before it had reached Pekin, we sent the same day to the general commanding the American forces in China the following dispatch:

"Adjutant General's Office.

"Washington, Aug. 12, 1900.

"Fowler, Che Foo. For Chaffee:

"Secretary of war directs me to inform you that Li Hung Chang appointed by Chinese government to negotiate with powers, requests cessation of hostilities. We have replied that we are ready to enter into an agreement between powers and Chinese government for cessation of hostilities on condition that sufficient body of the forces composing the relief expedition shall be permitted to enter Pekin unmolested and to escort foreign ministers and residents back to Tien Tsin, the movement being provided for and secured by such arrangements and dispositions of troops as shall be considered satisfactory by generals commanding the forces composing relief expedition. We have communicated this to all the powers. Japanese government takes same position. We have not heard from others powers.

"Corbin."

"And two days ago, in view of the rapid progress of the relief expedition, we sent the following:

"Adjutant General's Office,

"Washington, Aug. 14, 1900.

"Fowler, Che Foo. For Chaffee:

"In anticipation of acceptance by Chinese government of condition in our reply to them cabled you August 12. If Chinese authorities communicate willingness to deliver ministers and persons under their protection to relief column at Pekin, under arrangements which you consider safe, you are authorized to make and carry out arrangement in concert with other commanders, without referring it here. From informal communications with representatives of other governments here we believe all to take substantially the same position. Question whether you should insist upon entering Pekin and going to legations or will receive delivery at gate of inner Tartar City, or at outer wall, taking risk of ministers passing through city with only Chinese escort, you and the other generals must determine.

"By order secretary of war.

"Corbin."

"We are advised by Minister Conger that the attacks by imperial troops upon the legations in Pekin have not ceased. While these attacks continued we cannot stop the advance of our forces toward Pekin. If such attacks cease the above quoted instructions will be allowed to stand, and they would seem to provide for all the action required under the circumstances stated by Earl Li in his dispatch.

"Alvey A. Adey, Acting Secretary. "Department of State, Washington, Aug. 16, 1900."

DR. INGLIS' BABY DEAD, SO CONGER REPORTED

Seven United States Marines Killed—All Other Americans Safe—Desperate Night Attacks.

Washington, Aug. 17.—The acting secretary of state made public the following extract from a dispatch received August 16 from Mr. Conger. It was handed to Mr. Adey by Mr. Wu, who explained that he had received it at midnight from the taotai of Shanghai, by whom it had been received by way of Tsi Nan, August 15. It is undated, but would seem to have left Pekin some time between August 5 and 11:

"Secretary of State, Washington: "Our cipher is safe. May it not be sufficient authenticity? We have been imprisoned and completely besieged since June 23. Continued artillery and rifle firing until July 17; only rifle since, but daily; with frequently desperate attacks, one last night. Have already reported losses. French, Italian, Belgian, Austrian, Dutch legations and all other foreign property in Pekin destroyed. Dr. Inglis child dead. Marines Fanning, Fisher, Turner, King, Tucher, Kenny and Thomas killed. All other Americans alive. Inform Alta and Secretary Ryan. Nearing allied forces give us hope.

"Conger."

III Only About One Day—Expired at Atlantic City—Wife and Others Present.

Atlantic City, N. J., Aug. 17.—Chief Justice Henry Green, of the Supreme Court of Pennsylvania, died at the Hotel Traymore, of uraemic poisoning. His death was unexpected, as he had been ill only about one day. The

chief justice, who had been staying here for several weeks, had apparently been in his usual health until Wednesday morning, when he complained of a severe headache after arising. Later he was taken with a chill and went to bed. Dr. Seibert, of Easton, Pa., his physician, with two local doctors, was summoned. About noon he went into convulsions, and about 4 o'clock in the afternoon the chief justice became unconscious. He died Thursday morning without regaining consciousness.

At his bedside at the time of his death were his wife, his son Frederick, his granddaughter Miss Howland, Associate Justice of the Supreme Court of Pennsylvania John Dean, Judge Michael Arnold, of the common pleas court of Philadelphia, and Judge Charles A. Mayer, of Clinton county.

Henry Green, Chief Justice of the Supreme Court of Pennsylvania, was born in Warren county, N. J., August 29, 1828. His father, however, was a native of Easton, in this state; his grandfather had been one of the original settlers of that place. He was educated at Lafayette college, at Easton, graduating from that institution in 1846. He studied law with Judge Washington McCartney, and in September, 1849, was admitted to the Northampton county bar.

From that time until September, 1879, he continued in the uninterrupted practice of his profession, never holding any office which would interfere with his professional duties. The only public position, in fact, that he held was a seat in the constitutional convention of 1872-73, to which he was appointed on February 21, 1873, as a Republican delegate at large to fill the vacancy caused by the resignation of Hon. Samuel E. Dimmick. He was for several years the law partner of the late Andrew Reed, who became famous as governor of Kansas in the ante-bellum days.

On September 29, 1879, Mr. Green was appointed by Governor Hoyt to fill the vacancy on the supreme bench occasioned by the death of Associate Justice Warren J. Woodward. This appointment held good only until the year 1880, until he was elected in November of that year as the successor to Judge Woodward for a full term of 21 years. He succeeded Chief Justice Sterrett in January of the present year, and his term of 21 years would have expired in 1902. Since his appointment to the supreme bench Lafayette college, Easton, has conferred upon him the honorary degree of doctor of laws.

A Wild Rabbit.

This morning a wild rabbit was chased out of the willows on the river bank to the receiving platform of the freight station, where it was captured.

The rabbit was placed in the elevator which is used to send waybills to office upstairs, and George Buck, one of the clerks, was told it was a waybill.

Buck, it is claimed by the rest of the force, had never saw a rabbit before and when he reached into the elevator and caught it, was badly frightened. The rabbit was taken by one of the expressmen and placed in a box and will be kept for a pet.

Created Excitement.

Buckeye State.

The presence of that surveying corps in the village of Hanoverton one day last week created more excitement than a dog fight or the advent of a new saloon.

The people dreamed the following night that they heard the whistle of locomotives, but in their waking hours could not get an assurance that the road would be built and opened for traffic for at least a week.

Nickels and Pennies.

There are 332,566,460 five-cent pieces and 995,289,200 pennies somewhere in circulation. To count this number of pennies, at the rate of six per second (very rapid even for an expert) would require 19 years, 208 days, 3 hours, 5 minutes and 5 seconds, counting 10 hours per day and 313 days per year.

BRYANS WELCOMED.

Handsome Reception by People at Lincoln.

WERE ESCORTED TO THEIR HOME.

Speeches of Welcome to Both Husband and Wife—Bryan Responded—Mrs. Bryan Presented With Roses—Nebraskan's Explanation For Leaving Home.

Lincoln, Neb., Aug. 17.—Lincoln tendered a handsome welcome to Mr. Bryan upon his return to his home here. He was met at the depot by a large concourse of people, who escorted him to his residence and who, after listening to a speech there and shaking hands with both Mr. and Mrs. Bryan, only dispersed to meet in the evening with many others at a reception given in the state capitol grounds, which partook of the nature of an official function.

There were speeches of welcome for both husband and wife and loud cheers not only for "the next president" but also for "the next president's wife" at the house.

Mrs. Bryan was presented with a bouquet of roses. The speech to Mr. Bryan was made by Mr. W. M. Working, a local Silver Republican leader, who congratulated Mr. Bryan especially upon his Indianapolis speech as one which would be used by "future generations as a weapon against tyranny and oppression."

Mr. Bryan spoke at some length in his reply, first expressing his and Mrs. Bryan's appreciation of the good will of their townsmen of all parties, and explaining why he went away from home to meet people instead of having them come to Lincoln to see him. On the latter point he said:

"I have sometimes been criticised for going away from home instead of staying here and having people come to see me, but I felt, in the first place, that people could not come here as well as they could go to Canton. Lincoln is not in the center of a thickly populated country as Canton is, and our people have not the means of traveling without cost as they have in some parts of the country under some circumstances, and I have felt that it was a great deal cheaper for me to go and see the people than for me to compel them to come and see me. (Applause.) Even looking at it from a business standpoint, looking at it from the standpoint of those in our city who would find a profit in crowds coming here, I have felt that I could do more good by doing that which would insure election than in any other way which is a great deal better for this city to be the home of a president for four years than to be the home of a presidential candidate for a little while. But in the discussion of public questions in a great fight like this we cannot stop to measure the advantage of any policy to the people in a particular section. I believe that the fight in which we are engaged is on that concerns every citizen in this broad land. More than that, I believe it concerns the people of all the world. I believe that here we are trying an experiment, and that experiment, if successful, will be a blessing to the human race everywhere, and that if the experiment fails here, there is no place where it can be tried with better prospect of success."

Mr. Bryan then discussed national issues at some length.

BRYAN IS INDORSED BY ANTI-IMPERIALISTS

Some Opposed—Will Hold Convention in New York for Purpose of Naming Third Ticket.

Indianapolis, Ind., Aug. 17.—The Liberty Congress of the American League of Anti-Imperialists emphatically endorsed the candidacy of William J. Bryan for president. The resolutions to that effect were read to the convention by Colonel Charles R. Codman, of Massachusetts, who moved their adoption, after stating that the entire committee of 25 had endorsed them.

The convention, however, did not adopt the platform as submitted by the resolutions committee without a prolonged and heated debate. Thomas M. Osborne, of Auburn, N. Y., leader of the "third ticket" movement, offered an amendment to strike out endorsement of Bryan, and when the previous question was ordered less than a score could be marshaled to vote against the Bryan endorsement. The vote was *viva voce*, and its exact result will never be known; but the sentiment of the convention was clearly shown as being in favor of the endorsement of Bryan as the most effective manner of checking the alleged

realistic policy of the administration.

At one point in the platform were the following recommendations of the American people:

First—That, without regard to their views on minor questions of domestic policy, they withhold their votes from Mr. McKinley, in order to stamp with disapproval what he has done.

Second—That they vote for those candidates for congress in their respective districts who will oppose the policy of imperialism.

Third—That while we welcome any other method of opposing the re-election of Mr. McKinley, we advise direct support of Mr. Bryan as the most effective means of crushing imperialism. We are convinced of Mr. Bryan's sincerity and of his earnest purpose to secure to the Filipinos their independence. His position and the declarations contained in the platform of his party on the vital issue of the campaign meet our unqualified approval.

We recommend that the executive committees of the American Anti-Imperialistic League and its allied leagues continue and extend their organizations, preserving the independence of the movement, and that they take the most active possible part in the pending political campaign.

Until now the policy which has turned the Filipinos from warm friends to bitter enemies, which has slaughtered thousands of them, and laid waste their country, has been the policy of the president. After the next election it becomes the policy of every man who votes to re-elect him and who thus becomes, with him, responsible for every drop of blood thereafter shed.

After the adoption of the resolutions endorsing Bryan the representatives of the third ticket movement met in the assembly room of the Commercial Club and selected Thomas M. Osborne, of Auburn, N. Y., for permanent chairman, and Everett Abbott, of New York, for permanent secretary. A motion was made and carried that a convention be held in New York City September 5 for the purpose of nominating a ticket.

It is said that the third party men had offered the presidential nomination to Moorfield Storey, of Massachusetts, but that Mr. Storey declined the honor. William L. Palmer, of Colorado, was reported to be their choice for vice president. The leaders of the third ticket movement said that they expected a large representation at their convention in New York on September 5, and that candidates for president and vice president would then be nominated.

Secretary Mize, of the Liberty Congress, received a letter from William Lloyd Garrison, of Boston, pledging the writer's support to Bryan.

MISS LILLIAN COSTLOW THROUGH WITH FERRELL

So Informed Chief Tyler—Convinced of His Guilt—A Messenger Discharged.

Columbus, O., Aug. 17.—Miss Lillian Mae Costlow, the young lady who was engaged to Express Robber Ferrell, informed Chief Tyler that she was through with Ferrell and had severed all connections with him, she being convinced of his responsibility in the recent cold-blooded murder.

The chief was at the residence of her father, accompanied by G. D. Curtis, at the request of the father of the young lady, who desired to see for themselves what articles the young man had purchased for his daughter.

They found that he had presented her with a wedding ring and a lot of fancy articles for decorating their rooms. What disposition will be made of these articles will be decided by Mr. Curtis, in whose custody they are to be placed.

Ike Warner, the Adams Express messenger who carried Rosslyn Ferrell to Urbana in his express car just prior to the robbery and murder of Messenger Lane, has been discharged by the company, after a thorough investigation by Superintendent Curtis and Chief Clerk Brosius.

Several other violations of the company's rules have been brought to light through the Ferrell tragedy, and it is possible other discharges or suspensions may follow.

Steubenville, Aug. 17.—Mrs. Tobias Ferrell, mother of Ross Ferrell, is recovering from the prostration the news of her son's crime caused and she will pay him a visit in a week. She received a loving, sympathetic note from Miss Costlow, which she read with much comfort, holding the letter sacred from all other eyes. She said she felt she was brave enough to visit Ross in jail in the hour of his troubles.
